The technical theatre and theatre art classes are very excited about designing and building for the upcoming production of *The Princess and the Pea*. Not only will all of the costumes be designed by the students, but the majority of them will be made out brightly colored duct tape! Come out to see how creative our students can be!

We are very excited about the new fine arts facilities opening soon and have a wonderful theatre season ahead of us. All productions are presented at Owensboro High School. Night performances begin at 7pm, while matinee performances begin at 2pm.
